Teachers Read This.

The time for the Summer Institute is drawing near. Let us make every day of it a day of study and improvement. Have you written for your board? Are you selecting the studies your pupils will pursue? Are you thinking of the Institute at all? Or are you trying to find some excuse for not attending?

These are questions that are practical, and probably everyone of these suggestions will find some teachers to whom, in some sense, they will apply. Let us all determine to attend this year the Institute.

The Institute convenes in Oregon, July 21st, and continues four weeks. Superintendent W. T. Cunningham, of Missouri's best level, will conduct the work for us. I can assure all who attend an excellent and useful time.

Yours truly,
J. P. KELLOGG,
School Commissioner.

TWENTY-YEAR TONTINE PROFITS.

The following figures show the actual results of Tontine policies of the Equitable Life Assurance Society of the United States:

20-Payment Life Policies—20-Year Tontine Periods. Amount, \$1,000.

Age at time of issue.	Annual Cost.	Total Premiums.	Cash Value.	Paid-up Value.
20	\$31.10	\$622	\$899	\$1,340
30	35.00	700	1,070	1,570
40	39.80	796	1,284	1,800
50	42.20	844	1,424	1,970
60	44.80	896	1,584	2,100

The following are illustrations of similar insurance on the "Ordinary Life" plan. The results are smaller because the premiums paid have been less. Those who can afford to pay higher premiums, prefer the 20-payment policies. Those, however, who desire a policy under which tontine profits may be secured, but who, at the same time, wish assurance at the lowest current rates, are wise in selecting the ordinary life plan:

Ordinary Life Policies—20-Year Tontine Periods. Amount, \$1,000.

Age at time of issue.	Annual Cost.	Total Premiums.	Cash Value.	Paid-up Value.
20	\$21.20	\$424	\$573	\$1,220
30	25.10	502	687	1,460
40	28.90	578	787	1,650
50	32.10	642	867	1,800
60	34.80	696	937	1,900

That the wicked flee from the wrath to come, is a Bible truth of long usage. This truth is strikingly illustrated in the action of Missouri's Democratic party.

They begin to think that the old dominion is anxious to shake off the incubus that so long has burdened and weakened her, and adopt in its stead a new, progressive and enlightened policy, suited to her conditions, the age in which she lives.

To this end they have imported Roger Q. Mills, of Texas, and Breckinridge, of Kentucky, into the state to give the key-note to the campaign and resuscitate the old carcass of stupidity.

He reported that some other boys played a game of hide-and-seek with him, and he was admonished to examine his pockets at least once a week in the future, so as to obviate similar occurrences and releases.

Louisiana will be blessed for another twenty-five years with that swindling institution, known as the Louisiana lottery. Probably at the end of that time the confederate martyrs whom it claims to support, will
